

MASCHERPA

for over 120 years providing solutions

ABOUT US

For over 120 years, Emanuele Mascherpa S.p.A. has been providing solutions to industry. Founded in Milan in 1904, it distributes in Italy adhesives, sealants, specialty lubricants, electronics materials, composites and mechanical components from some of the world's leading manufacturers.

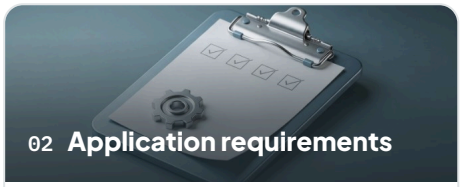

Our work starts from the customer's problem. Mascherpa's technical sales team supports engineering and production departments in choosing the most suitable lubrication, bonding, sealing and protection solution, backed by the research and development of the companies we represent.

HOW WE WORK

01 Needs analysis

Application, materials and operating conditions.

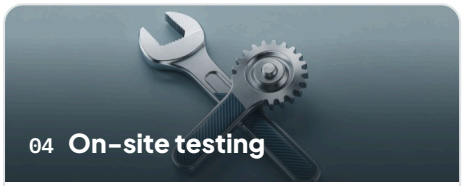

02 Application requirements

Technical, regulatory and process requirements.

03 Product selection

The most suitable solution, with the experts of the brands we represent.

04 On-site testing

Trials on the production floor and process fine-tuning.

05 Industrialisation

Series production, with products ready in stock.

06 After-sales support

Ongoing technical support after delivery.

CERTIFICATIONS

UNI EN ISO 9001:2015
UNI EN ISO 14001:2015

Quality and environment, certified by Certiquality

Responsible Care

Voluntary programme of the chemical industry, since 1998

EcoVadis "Committed"

Sustainability badge awarded in 2026

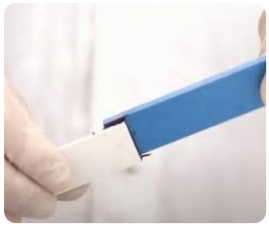

Details and validity of the recognition available via QR Code. Information available on request or via the company's official EcoVadis page.

TECHNOLOGIES

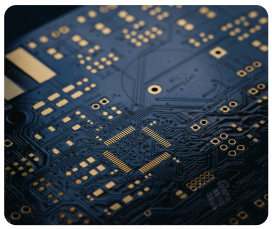

INDUSTRIAL LUBRICANTS

Greases, pastes, oils, spray lubricants, anti-friction coatings and compounds.

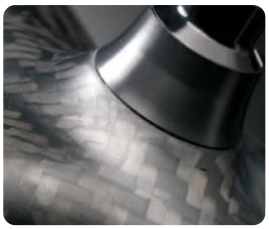

INDUSTRIAL ADHESIVES

Epoxy, MMA, silicone, polyurethane, MS, hot-melt, anaerobic and cyanoacrylate adhesives.

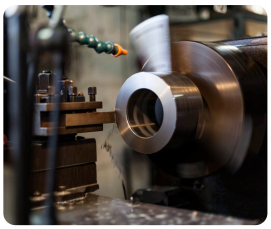

ELECTRONICS

Adhesives, resins and encapsulants, gels, conformal coatings, thermally and electrically conductive materials.

COMPOSITES

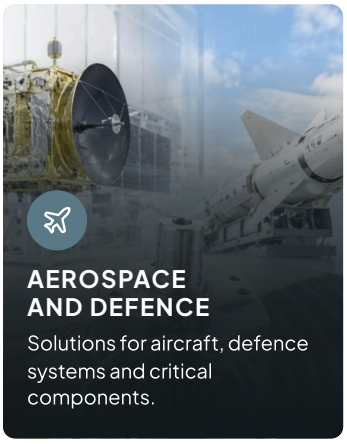

Core materials, modelling and composite resins, reinforcement fabrics, prepregs and consumables.

MECHANICS

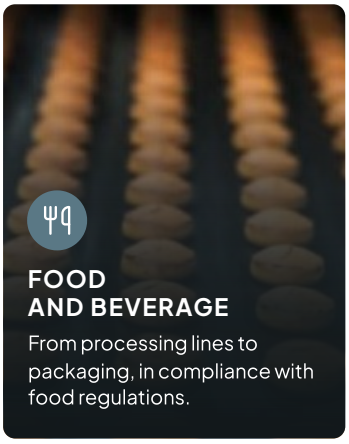

Actuators, shock absorbers, gas springs, clamping and fastening systems, measuring machines.

MARKETS

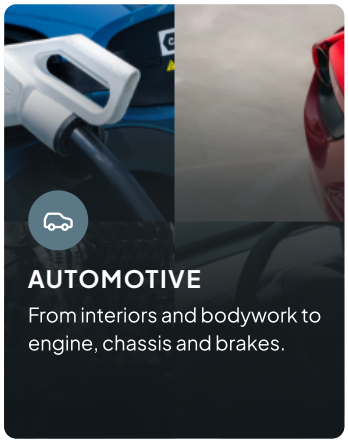

AEROSPACE AND DEFENCE

Solutions for aircraft, defence systems and critical components.

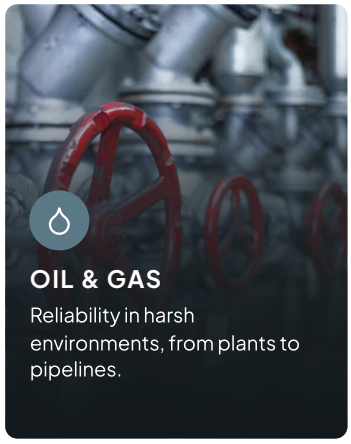

FOOD AND BEVERAGE

From processing lines to packaging, in compliance with food regulations.

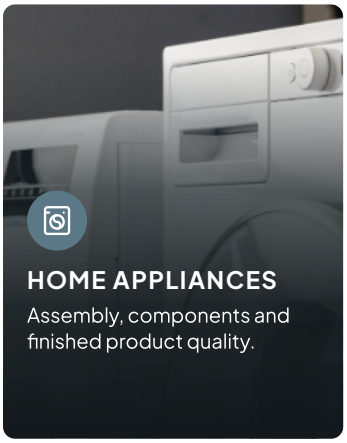

AUTOMOTIVE

From interiors and bodywork to engine, chassis and brakes.

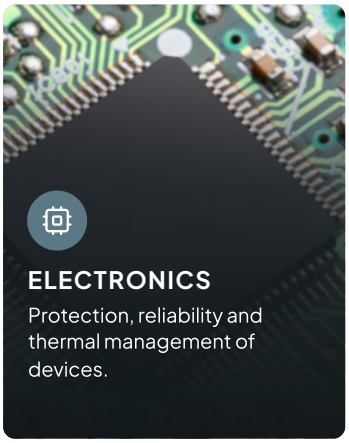

OIL & GAS

Reliability in harsh environments, from plants to pipelines.

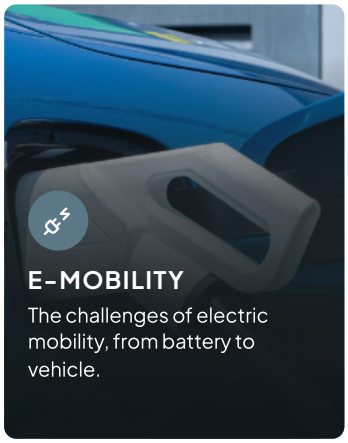

HOME APPLIANCES

Assembly, components and finished product quality.

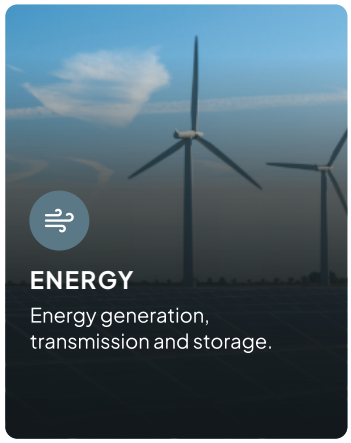

ELECTRONICS

Protection, reliability and thermal management of devices.

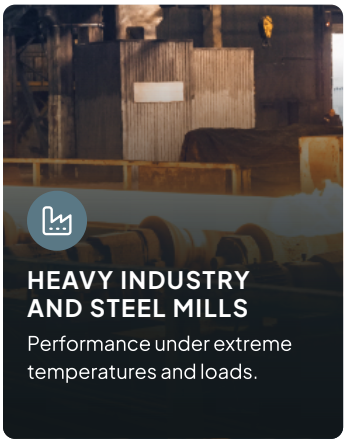

E-MOBILITY

The challenges of electric mobility, from battery to vehicle.

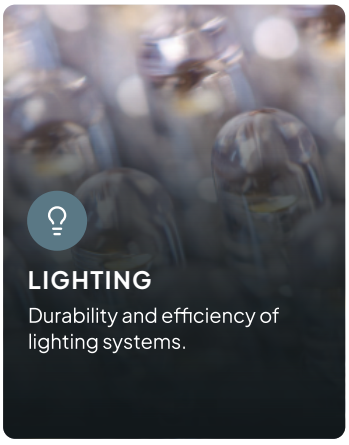

ENERGY

Energy generation, transmission and storage.

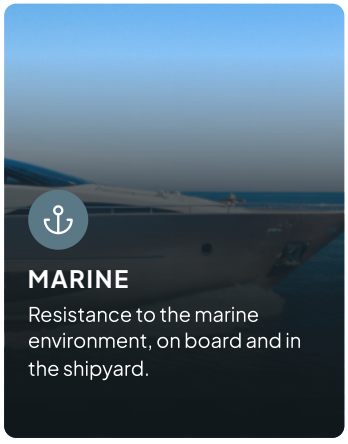

HEAVY INDUSTRY AND STEEL MILLS

Performance under extreme temperatures and loads.

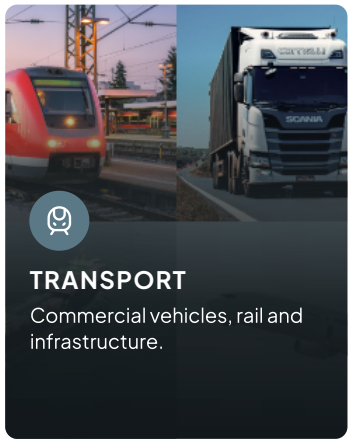

LIGHTING

Durability and efficiency of lighting systems.

MARINE

Resistance to the marine environment, on board and in the shipyard.

TRANSPORT

Commercial vehicles, rail and infrastructure.

BRANDS

We distribute in Italy the products of some of the world's leading manufacturers.

DOW

HUNTSMAN
Enriching lives through innovation

DUPONT

DOWSIL
silicones by DOW
Silicone adhesives and sealants

Araldite
Epoxy structural adhesives

BETAMATE™
Structural adhesives

H.B. Fuller
Hot-melt adhesives

Merbenit
MS adhesives and sealants

Permabond
Engineering Adhesives
Cyanoacrylates and anaerobics

BORN2BOND
Engineering adhesives

MOLYKOTE
Specialty lubricants

Krytox
Performance Lubricants
PFPE fluorinated lubricants

PETRO-CANADA LUBRICANTS
Industrial oils and lubricants

CONDAT
Industrial lubricants

ELECTROLUBE
Chemicals for electronics

MG Chemicals
Electronics products

XIAMETER
silicones simplified by DOW
Silicones, fluids and rubbers

SAERTEX
Reinforcement fabrics

DIATEX
Moulding consumables

HumiSeal
Conformal coating

KOBA
BEST SHOCK ABSORBER
Decelerators and shock absorbers
